IN THE COTTON MARKETS

No Life in the Market and Prices Unchanged.

LIVERPOOL WAS CLOSED ON HOLIDAY

Will Be No Market There Monday. Expected Receipts-Views of the Market.

Office of The Post, Houston, Saturday, May 20, The spot markets were without a color of life and there were no changes in quota-tions; Liverpool was closed on account of Whitsuntide, and will also ne closed Monday Memphis reported sales of 1200, New Orleans

700 and Galveston 36. New Orleans expects to report receipts between 2000 and 2000 Monday and Houston expects 100 to 200 bales. New Orleans futures were a shade lower

than Friday at the opening, but improved a bit and closed at an advance of I point ever vesterday's closing. New York futures were unchanged to half a point off at the epening, which was quiet. and remained at the same coint until the

close, which was practically at Friday's fig-

purposeless and exceptionally lew trades were made. The fact that Liverpool was closed tended to increase the indifference of the professional breach of the trade and effectually checked investment business. The weather charts showed warm clear weather in all parties of the belt, with no stame of an immediate change. Fivate telegraphic information raported considerable suffering by the plant in a number of States from drouth, cut worms and grasshuppers. Reports from Fall River cloths show the sales for the week to have been about double the productions of the mills with the market strong at the close and tending upward. The oron movement shows stame of petering out. The market closed quiet, unchanged to I point lower.

New York Dry Goods. New York, May 20.-The cotton goods marlet was weak throughout, with a considerable New Orleans, May 20.—The New Orleans demand in right. Heached cottons are selling ive stock exchange reports:
